Mr. and Mrs. J. W. Heath and Will
Miller returned Sunday from the
Leakey section where they had been
on a visit to Frank Heath and family.
Mr. Miller says that it is a great
country, with springs shooting out
of the faces of the precipices twenty
feet from the ground. One of his
statements he makes is difficult to
understand; he says they cut their
visit short up there as they feared
rain—and they are all old settlers
of West Texas, too.

Life has been a strenuous affair
with the County Judge, the County
Clerk and the Sheriff the past week.
Some 4,000 ballots have been carefully
inspected, counted out and distributed
to the various election officers
throughout the county, together
with the poll books, tally sheets, poll
markers, etc., and everything is now
in readiness for the free and un-
trammelled sovereigns of the county
to again turn out and "save the country."
No one who never undertook
the work of providing the election
supplies necessary has much conception
of the work and the painstaking
care this duty entails, and those
charged with its execution, and the
relief they feel when the supplies are
all in the custody of those who are
to record the will of the voters. The
tickets to be used at this election are
not as voluminous as those furnished
the past several years, but four tickets
being on the ballot, the Democrats,
the Republicans, the Independent
and the blank ticket. Most any
one can find a ticket to suit them.
In the words of Davy Crockett, "be
sure you are right, then go ahead."
Turn out to the polls en masse, cast
your vote for your choice and go
home with the consciousness that you
have again rendered your highest
duty to your state and county.

The annual Methodist Conference
in session at Lampasas last week
named Rev. A. M. Foster as the pastor
for the Methodist church here the
coming conference year. We
understand the reverend gentleman
has filled a like position with the
Cottulla Methodist church the past four
years. Rev. Geo. G. Smith, who
served the church the past year, was
assigned to the Port Lavaca church,
but we understand will exchange
with another minister, but we are not
advised as to where he will locate.
Wherever he and his estimable better
half may make their future home
their Hondo friends wish for them
much happiness and prosperity.

Quite a ripple of excitement was
caused here last Saturday afternoon
when news spread over the town that
the Yancey oil well had come in as a
gusher. While the "news" was given
some credence by a few the majority
of our people discredited the report
as it was known that work had
been on a standstill for several
days on account of a breakdown of
some of the equipment. Of course,
the report was soon disproved. It
seems the report had its origin in the
bringing in of a well in the Somerset
field by Fritz Fuchs, the chief promoter
of the Yancey enterprise. As soon
as repairs can be made to machinery,
work will be resumed on the
Yancey well.

Mr. and Mrs. Louis Sprott and
little daughter, Velma, who had made
their home here the past eight or
ten months while Mr. Sprott was
employed in road work, left last Saturday
for the John Rothe ranch, near
Sabinal, where they will make their
home for the coming year. The
Sprotts made many friends during
their residence here who wish them
much happiness and prosperity in
their new home.

Ben Epstein, for the past couple of
years connected with the H. Hartman
store, bid adieu to Hondo Tuesday
and left for his home at Jersey City,
N. J., where he will join his father
and brothers who are conducting a
large electrical supply establishment.
Ben made many friends among our
people during his residence here, and
carries with him their best wishes
for a prosperous career in his new
field of endeavor.

Mrs. Karl Schilling of Camp Travis
is spending the week here with her
parents, Mr. and Mrs. Ed. de Montel.

August Hornung is again chief
"chef" at his hangout, and would
rather suffer a little from lonesome-
ness than have company. This thing
of being his own housekeeper does
not particularly appeal to him, especially
the culinary branch. We
hardly think he need be worried—
when people find out he is the "pot
slinger" they will give his table a
wide berth.

A large delegation of Sabinal fans
came over Saturday with Sabinal's
football and basketball teams. A
game was played on College Square
between the basketball teams, and
Hondo's girls won by a score of 14
to 8. The football game later was
a Waterloo for our boys, the team
being completely out-classed in size,
age and experience. Sabinal's score
was too long for the memory of our
reporter to retain it until he got back
to the office.

KIRSCHBAUM CLOTHES IN THE NEW FALL AND WINTER DESIGNS

From the very first touch of the
designer's chalk to the very last
touch of the presser's iron—the
guiding thought in the making
of Kirschbaum Clothes for young
men is style. Style, yes, and
with it, quality and value!

**All-Wool—
100 Percent And
No Compromise**

This Fall—as always—the
famous Kirschbaum standard
of all-wool is rigidly
upheld. Before a fabric
is passed as suitable for use
in a Kirschbaum garment,
it is tested scientifically for
its all-wool purity, its color
fastness, its wearing
strength.

THE RAIN.

Probably trying to make amends,
and feeling remorse for the brand
of weather served this section the
latter part of the summer, old Jupiter
Pluvius again wept copiously Mon-
day night. In fact, so profuse were
his tears, before he stopped weeping
one looking from their bedroom win-
dow could imagine how Noah felt
when he looked from the window of
his ark and could see no sign of
land—it was all under water. This
rain, following the rain of 2.79 inches
last week, has given Old Mother
Earth the best bath she has had for
many, many months, and farmers,
and even town folks are looking for-
ward to much benefit to accrue from
the splendid season now in the
ground. It is a well-established fact
that stock will go through a wet
winter in much better shape than
they will through a dry winter; and
a wet winter is just what the farmers
want. The rain Monday night, ac-
cording to Judge Haass' gauge, to-
taled 3.70 inches, while Mr. Jacob
Reilly claims his gauge showed a pre-
cipitation of 4.45 inches. These
gauges being nearly one mile apart
it is possible they were both right,
as the downpour was much heavier
in some localities than in others.
Hondo seems to have been near the
center of the rain storm as parts of
the county report the fall consider-
ably lighter than here. However, all
sections of the county received some
rain and everybody is happy. The
stock-water problem is solved for
some time to come, and a few show-
ers throughout the winter will mean
early pasturage for stock and a plant-
ing season in the ground for the
farmers.
The upper reaches of the Hondo
river carried a little extra volume
of water, while the Lower Hondo car-
ried a considerable volume of flood
water. The only damage we have
heard of was the washing out of a
small bridge over the Elm Slough
that served the scholars attending
the Redus school, some miles south
of Hondo.

To Stop a Cough Quick
take HAYES' HEALING HONEY, a
cough medicine which stops the cough by
healing the inflamed and irritated tissues.
A box of GROVE'S O-PEN-TRATE
SALVE for Chest Colds, Head Colds and
Croup is enclosed with every bottle of
HAYES' HEALING HONEY. The salve
should be rubbed on the chest and throat
of children suffering from a Cold or Croup.
The healing effect of Hayes' Healing Honey in-
side the throat combined with the healing effect of
Grove's O-Pen-Trate Salve through the pores of
the skin soon stops a cough.
Both remedies are packed in one carton and the
cost of the combined treatment is 35c.
Just ask your druggist for HAYES'
HEALING HONEY.

GREAT MONUMENT TO BE ERECTED.

To Perpetuate the Memory of the
Old Trail Drivers—Public Is Asked
to Help Build It.

All patriotic Texans are urged to
contribute from five dollars up to
ward the erection of a monument to
the old time trail drivers—the men
who "went up the trail" to Kansas
in the early days. The Old Time
Trail Drivers Association, of which
Geo. W. Saunders of San Antonio,
is organizer and president, has started
a movement to erect a \$30,000
monument at Brackenridge Park,
San Antonio, which is the logical
point on the old trail. Every in-
dividual who contributes as much as
five dollars will be listed and his or
her name will be printed in a neatly
bound booklet which will be sent
free to all contributors. It will con-
tain interesting facts about the aims
and purposes of the association as
well as data in reference to trail
driving.

The early cowboys blazed the way
for the civilization we today enjoy,
they had a part in the history of our
great state, and we should perpetu-
ate their memory by erecting this
monument. A Texan cannot stand
on the field of San Jacinto without
feeling a greater devotion to his
state; he cannot stand within the
sacred precincts of the Alamo, where
men died for others, without having
his heart purged of selfishness; he
cannot think of the old cattle trail
without remembering the sacrifices
and dangers encountered by the pio-
neers of a great industry—the cattle
industry of our state.

The Northern Trail started in
1867 and closed in 1895. During
those 28 years 9,800,000 cattle and
1,000,000 horses were driven out
and sold by the trail drivers, which,
estimated at \$10 per head, amounted
to a grand total of \$108,000,000
which was placed in circulation dur-
ing those years by the establishment
of the cattle industry. At the close
of the Civil War and during the early
seventies our ranges were over-
stocked with cattle. There was no
money in the state. It was up to
the early cowmen to find a market
for their cattle, and the great prob-
lem was solved by a few of our most
venturesome cowmen driving small
herds to Kansas in 1867 and 1868,
and from that time on until the trail
closed a steady stream of herds was
kept up and the ranges in the differ-
ent states were gradually stocked,
bringing to Texas that prosperity
which has existed for so many years.

All who wish to contribute to a
monument to the founders of this
great industry are requested to send
their donation to W. W. Collier,
treasurer, City National Bank, San
Antonio. The monument committee
is composed of Col. Ike T. Pryor, J.
M. Dobie of San Antonio, and J. A.
Miller of Bandera. References, any
bank in San Antonio.

YANCEY ITEMS.

The Fair Committee met last Wed-
nesday evening to discuss in detail
the community fair which is to be
held Friday, November 3rd. Every
committee is striving to make the
fair a success.

After the meeting concerning the
fair a discussion of the wolf club
was held. A committee had been ap-
pointed a few days before to come
to a conclusion in regard to the mat-
ter. Their decision was that every
member should pay one dollar mem-
bership fee. To every one catching
a wolf or a coyote a bounty of one
dollar will be paid. Only members
of the club can collect the bounty.

Saturday night a Halloween party
was given by the pupils of the Yan-
cey High School. The ninth, tenth
and eleventh grades entertained the
eighth grade.

At seven-thirty o'clock every one
gathered at the main entrance of the
school building. Here they were met
by two ghosts and ushered upstairs
to the Home Economics room. Ev-
eryone was masked and as they pas-
sed into the room which looked very
spooky, a number was pinned on
each person's back. After number-
ing everyone paper and pencil was
passed around and they were told
to see who could guess who each
number was. When this contest was
over fortunes were told and a number
of games were played.

Refreshments of hot chocolate and
cake were served, after which ghost
stories were told before the merry-
making ceased.

On Friday evening, October 27th,
the B. Y. P. U. gave a social at the
Baptist Church. The invited guests
were the Moore and Black Creek
Unions and the Epworth League of
Yancey.

A short program consisting of
songs and talks from the presidents
of the three visiting organizations
was given.

After the program the crowd pas-
sed out on the lawn where they en-
joyed outdoor games in the moon-
light. Refreshments consisting of
lemonade and cake were served.

TO HOLDERS OF WAR SAVINGS STAMPS.

The largest money melon ever
sliced open and handed around in
this section will be cut by the U. S.
Government January 1, 1923, for
owners of 1918 War Savings Stamps
—this is less than two and a half
months off, announcement was made
today by Postmaster Alf. M. Finger.

War Savings Stamps of the 1918
Series, bought in 1918 for four dol-
lars and a few cents, mature for pay-
ment at \$5 each January 1, and each
stamp will then have netted every
owner not less than 75 cents, or 4
per cent, compounded quarterly, he
pointed out.

Locally many individuals, business
firms, and organizations own goodly
amounts of 1918 War Savings
Stamps, and they get in on the "mel-
on-cutting." In this Federal Reserve
District, according to information I
have received from Federal Savings
Director Hume of Dallas, our people
own more than \$100,000,000 of 1918
Stamps," the postmaster said. "Watch
out for the sharper who offers to buy
your 1918 stamps. He is after your
profit. Remember, too, these stamps
are not legally transferrable from
one person to another. It is better
to be safe than sorry; see your post-
master before listening to the person
who wants to buy your stamps. Don't
let the sharper 'do' you out of your
rightful profit."

Persons will be allowed to ex-
change their War Savings Stamps of
the 1918 Series for Treasury Savings
Certificates, registered against
loss or depreciation in any way, which
yield about 21.95 per cent interest
in five years; or they will be allowed
to cash them in for \$5 a piece.

"Owing to the popularity of Treas-
ury Savings Certificates, we expect
a great many 1918 stamp owners will
exchange their matured stamps for
Treasury Savings Certificates after
January 1," he declared.

ROUND ABOUT THE HOME

THE AMERICAN HOLIDAY.

By Helen H. Downing, Home Economics.

It is significant of the spirit of our nation that the first American holiday should have been one of thanksgiving for the harvest they had worked so hard to produce.

To give our best deeds and then offer thanks for a resulting harvest admits a faith that spurs us on to an ever advancing "best." All cares and worries are easily put aside in the enjoyment of thrilling outdoor sports for the younger, and the reuniting of friends and family for the more mature members of the family.

But the day's triumph is always offered by the home manager who arranges the family dinner. To accomplish the exceptional culinary victories and have enough energy left to enjoy one's company is quite an art. It often takes quite a diplomat to keep the table conversation of the family from running into a long-standing and heated argument between father and Uncle George. They get together so seldom they never have had a chance to air all the points on each side so it keeps one on the alert to steer conversation into safe channels.

To reserve energy for these important duties of the hostess it is absolutely necessary to do as much the day or two before as possible.

It is these days of preparation and anticipation that the children remember longest and perhaps enjoy the most. The wise mother gives each member of the family definite duties to be responsible for. Some one sees that the dusting is done, another that guest's towels are placed, another will be ready to answer the bell and entertain early arriving guests.

For the busy hostess one of the greatest helps on an occasion of this kind are the delicious soups, vegetables, fruits and condiments all ready to use, eliminating so much of the tedious work of preparation.

The quality canned pumpkin and prepared mince meat eliminate any uncertainty regarding the festive pies.

With the sane eating now in fashion, our modern Thanksgiving dinner, while a culinary triumph, will be simpler than in the past.

An attractive three course selective menu is suggested below. You will note that the salad has been omitted from the hearty dinner. In the interest of comfort and conservation, the salad may well be made the main dish of the evening meal following the hearty dinner.

Make your pies, cookies and plum pudding the day before. Have the roast all ready to go into the oven and the garnishes and lettuce and fruits ready to serve and in a cool place.

Remember that the main thing is to keep everyone happy all day, and to this end you must manage to eliminate all unnecessary care and work.

Recipes

Plum Pudding

1 cup suet, chopped fine
1 cup molasses
3 level teaspoons Baking Powder
3 cups flour
1 1/2 teaspoons salt
1/2 teaspoon nutmeg
1/2 teaspoon cinnamon

Mix suet, molasses and milk. Sift together flour, baking powder, salt, cloves, nutmeg and cinnamon, and add. Turn into a buttered mold and steam 3 hours. Serve with hard sauce.

Note—One and a half cups of chopped raisins can be added to above if desired, and the whole or part of spices omitted.

Nut Cookies

1-3 cup butter
1-2 cup sugar
2 eggs
1-2 cup flour
1 level teaspoon Baking powder
3-4 cup chopped nuts
1 teaspoon lemon juice

Cream butter and add sugar and eggs well beaten. Sift flour and baking powder together. Add first mixture; then add nuts and lemon juice; and enough milk to make a soft dough. Drop from a spoon on an unbuttered baking sheet, leaving an inch space between them. Sprinkle with chopped nuts and bake in a very slow oven. This will make two dozen cookies.

Cranberry Frappe

1 quart cranberries
2 cups water
2 cups sugar
Juice 2 lemons

Cook cranberries and water eight minutes; then force through a sieve. Add sugar and lemon juice, and freeze to a mush, using equal parts of ice and salt.

At one place in Eastern Carolina such a new and beautifully painted building was erected, and before it had been running one year, nearly every residence in the vicinity had been painted—many for the first time!

DEVINE NEWSLETS.

From The Devine News.

Big Oil Rig Unloaded Here This Week.

The big drilling outfit for the Noonan well at Morris Hill came in this week, was unloaded and is being erected at the well. Judge Noonan and other promoters were here Saturday and expressed themselves as highly pleased with the appearance of the machinery and the location. We understand that a contract has been made to go 3,000 feet, if necessary, to make a real deep test. Oil in small quantities has been found on every side of this location, and state geologists say this is the best oil structure in the county, and the rig is located on the exact spot the State Geologist Bulletin advised as the proper place to drill. Furthermore, as stated last week, it is almost directly in straight line with the proven wells of the Somerset field, with formations very much like those at Somerset.

Lacoste Capital has taken over the Jungman well at Chicon Lake and work has been resumed after a lay-off of some weeks testing out what they had in their shallow strike. It seems that the Witherspoon contract has been forfeited, east of town; but it may be renewed later. Every one is anxious for this test to be made, as the last well on this side of Somerset is a good one; and many people have an idea that the real big strike will be made between Devine and Somerset.

Mr. G. A. Schley, traffic manager of the San Antonio Southern R. R. Co., was at home Sunday, and said the oil business is booming at Somerset; that while the Grayburg people have their own pipe line into San Antonio now, the R. R. has as much shipments as they ever had, even when the big Grayburg used the railroad.

The Ward Construction Company has finished the new concrete bridge on the Chicon, which is a solid slab 90 feet long, standing level with the banks of the stream; and have begun work on a small bridge across Long Hollow. A concrete dip was made, but found to be too low, and so a small concrete bridge will be built across the dip. This will finish their work on this part of the highway. Local road authorities speak in high terms of Mr. Ward and his work on the Highway.

School Wins in Test Case Tax Suit.

In a closely contested case, styled Devine Independent School District vs. W. A. Thompson, for collection of school taxes, 1920 and 1921, tried before Judge R. H. Burney, Friday, a verdict was rendered late in the afternoon in favor of the plaintiff. The chief contention urged was that proper notices were not sent out in regard to raising taxable values, and that the values were raised above the real true value; that local assessor and collector also held the office of city marshal of Devine, and other minor allegations. Quite a number of delinquent tax payers and other citizens of Devine, including the editor of this paper, were present and watched every turn of the case. The defendant gave the usual notice of appeal. District Attorney L. J. Brucks and County Attorney D. C. Brown were attorneys for the school board, while Montel & Fly of Hondo represented the defendants.

Dedication Services Brought Many Visitors.

The dedication service of the new St. Joseph's Catholic church drew a large crowd Thursday, as was expected. The day was ideal and people came from San Antonio, Pearsall and from all parts of Medina county. A great many people came from Castroville, Lacoste, Hondo, D'Hanis and all the surrounding country. Bishop Dreesarts officiated, assisted by the local rector, Rev. H. Planchet, and a number of visiting priests.

The Bishop's address was rather broad and more liberal than many would have expected. He had just returned from a trip through Europe and spoke of conditions there. He said that the religious element in Europe was going ahead with faith

in God and in the future, readjusting their conditions; while those drifting from the church and religion were making least progress.

The receipts for the day were about \$600 in the aggregate. 540 people bought dinner tickets, 440 adults and 100 children. Many local people, not members of the congregation, attended the service and enjoyed the very fine dinner. Besides the abundance of cakes, pies, salads, etc., furnished by the ladies of the congregation, there were five pigs, five calves, 200 chickens and 500 pounds of pork sausage nicely cooked; there was an abundance of everything to eat; everybody was served as long as they would eat, and there was a lot left. Fine cakes were auctioned off at night. Many people remained and ate supper and not until a late hour did the crowd break.

The congregation is now worshipping in the new church and everything is enthusiastic in Catholic circles here; and there is a general fellowship between all our people. One of their local leaders thanked the News man for the courteous treatment given his people and said that he was especially trying to keep his people in good feeling with other denominations and people of the community and county, despite the bitter things that some intolerant people have said and done.

An ex-Medina county boy, Rev. Lawrence T. FitzSimon, of the San Antonio Seminary, was among the visiting priests here last Thursday and administered the first mass in the new church. He is the son of Dr. Jno. T. FitzSimon, a pioneer physician of Castroville. After graduating at the Seminary at Castroville, young FitzSimon studied in San Antonio, where he is now a teacher, and later went to Rome for a course of study.

Farmers coming to town from every direction report heavy rain Monday night and all creeks up. A great deal of oats have been planted and more will go in as soon as the ground dries off.

Mr. and Mrs. J. H. Ney, Mr. Carle, and a number of other D'Hanis people were here for the dedication services. Geo. Christilles of Lacoste and Henry Mangold of that section were also mingling with the crowds.

Messrs. Lou E. Heath, Seraphin Jungman, Fritz Muennink, Joe Bader and J. J. Droitcourt were the county officers who came over from Hondo to attend the dedication services.

FROM THE BANDERA NEW ERA.

Bexar county has provided us with a first class macadamized and tarriated road to the Medina county line. Medina county offers to spend \$3,000 on the less than three miles of road that crosses a corner of that county, supplemented by more than \$2,000 from the State Highway Commission to be spent on that same less than three miles, which will put it in first class condition. Looks to us like friends tendering a great gift on a platter of generosity.

Mr. and Mrs. Joe Villemain and bright little daughter, Louisa, were visitors in the city from Pipe Creek Monday, and paid our sanctum an appreciated visit. Mr. Villemain reports a good rain in his region Sunday night.

J. W. Callahan Dead

John William Callahan, a former citizen of Pipe Creek, died at San Antonio Tuesday, aged 69 years, and was buried there yesterday, the funeral being conducted by the Knights of Pythias, of which order he was a member. Deceased is survived by his wife and one daughter. He was a brother to Joe Callahan and Mrs. G. W. Edwards of Pipe Creek and J. E. Callahan of San Antonio. Mr. Callahan was well known and held in high esteem here and many friends will regret to learn of his death.

LACOSTE LEDGERETS

From The Lacoste Ledger.
MRS. JOHN LESSING.

The subject of our sketch was born in Germany July 11, 1834. She came to America with her husband and one little son in the year 1854 and after landing at Indianola they made their trip in ox carts to San Antonio from where they came to Castroville and were first living on a farm of Dr. Boehme near Riomedina, from where they moved to Gerhart Ihnken Sr. farm, now belonging to Mr. Andrew Mechler, where they lived on the Rockport road for several years and where several of their children were born. Later they moved on the MacDonald farm near Macdonia and in 1862 they bought the farm on which they resided almost the balance of their days. For the last few years she was living with her daughter, Mrs. Joe Gast, at 212 South Mesquite Street, San Antonio, Texas, where she died October 28 at 2:30 a. m., having attained an age of 88 years, 3 months and 17 days. She is survived by five children, Robert Lessing of San Antonio, Louis and George Lessing and Mrs. Henry Nentwich Sr. of Macdonia and Mrs. Joe Gast of San Antonio. She is also survived by 21 grandchildren and 13 great-grandchildren. Her husband, the late John Lessing Sr., preceded her into death 22 years ago and her oldest son, John Lessing Jr., died a short time ago.

The deceased was a devout Catholic and a true Christian woman, a good mother to her children and a kind and sympathetic neighbor. She was a member of St. Anna Society of Castroville from the years said society was founded and she was also a member of St. Anna Society of Lacoste, Texas.

The funeral was held from the residence of her son, Louis Lessing, last Sunday afternoon at 4:30 o'clock and her body was laid to rest beside the grave of her late husband in the family cemetery of the Lessing family near Macdonia. Rev. Father John Heinzlmeier of St. Mary's Catholic Church at Lacoste performed the last sad rites.

The funeral was well attended by a great number of friends from far and near. Another of our pioneers has been laid away to rest among the scenes of their achievement; she is gone but not forgotten. May she Rest In Peace.

The Rain.

A very fine rain, the first of any real value in many months, visited this section Monday night, October 30, 1922.

Early in the evening clouds exhibiting some lightning could be seen in the north and northwest, which rapidly came up and at 10 p. m. started to rain and continued until early morning of Tuesday. According to measurements made by several of our citizens the precipitation amounted to 2.75 inches.

This and the 2 inches of rain which fell last week will put soil in A1 condition for oat planting. Many of our farmers have already put in lots of their oats but were afraid there wasn't sufficient moisture to do much good.

A surprise party was given to Isidor Haby and family at the Haby Settlement, Sunday evening, October 29, 1922. The evening was pleasantly spent in dancing and conver-

Notice, To Hunters!

We, the undersigned citizens of Medina County, have organized the Medina County Game Protective Association.

The object of this Association is to protect the game, to enforce the game laws generally, and also forbid trespassing on our lands.

Most of the counties north of here have already organized for this purpose and in those counties the game is increasing in number each year, while in this county it is decreasing, and will continue to decrease until we begin to enforce the law in regard to hunting out of season, and following the law regulating hunting in season.

The members of this Association wish to serve notice on the public that there will be no hunting allowed on any of our premises without a written permit from the land owner or from whoever may be in charge of such premises.

This is for the protection of the land owners and also for the protection of the hunter who will respect the law.

There at present 22 members of this Association and we will employ two game wardens to look after this business and as the membership grows we will employ others. We ask all parties, hunters as well as land owners, to co-operate with us in the protection of game in Medina County.

On the first day of November the lands owned by the members of this Association will all be posted according to law, and any and all permits to hunt thereon heretofore issued are hereby cancelled.

VIII.
Noah's Three Sons.

We have written one chapter on this Dramatic Symbol; introducing Shem, Ham and Japheth, the three sons of Noah, who were with him in the Ark, and by whom the new world was again populated.

We hold that these three sons of Noah and their descendants were ordained of God to represent, by way of symbol, the three stages of character that each soul becomes as it passes from the Father's dispensation (into which all men are born) into the dispensation of the Son, when born of the Spirit, and thence into the dispensation of the Holy Ghost, when truly sanctified by the Baptism of the Spirit.

Ham and his descendants stand for the unconverted state, Shem and his descendants stand for the converted, and Japheth and his descendants for the sanctified.

We touched on Ham and his children as types of the unsaved, through which the Devil has done his mighty works in the world in every age since the fall of man.

In this chapter we call attention to the part played by Shem and his children in Old Testament symbolic drama, which naturally involve Ham and his offspring. Note that Ham, representing the unconverted carnal mind, and Shem the regenerate, and Japheth the truly sanctified, when Noah awoke from his drunkenness and found what Ham had done unto him, and that Shem and Japheth had taken a garment, as a mantle of charity, and went backward and spread it over the faults of their father; whereupon Noah, their father, pronounced a curse upon—as we understand it—Ham and his descendants, saying, "Cursed be Canaan; a servant of servants shall he be unto his brethren." Yes, Ham and his offspring stand for the physical, natural, fallen condition of man, is ordained by Jehovah to be only a servant in the bringing in and the development of the new-born man, typified by Shem, and then the truly sanctified man, typified by Japheth. We repeat that Ham, the natural, carnal-minded man, is only a servant to the development and establishment of the two higher and nobler principles represented by Shem and Japheth, his brethren.

What we are trying to put before you is, that the natural, mortal man, to say nothing of his wicked disposition which is to be crucified and cast out, is worthless, except as a servant, or stepping stone, or medium through which to pass to a higher sphere of life; viz: to a state of regeneration and then to sanctification, which are PERSONIFIED in the characters of SHEM and JAPHETH. As further evidence that Shem, and at least a prominent tribe of his offspring, were chosen of God to represent the regenerate children of God, we call attention that Abraham, Isaac and Jacob were descendants of Shem, of about the 11th, 12th and 13th generations after the Flood, and became the forefathers of the people of God, as a whole, throughout the Old Testament dispensation, and they were the TYPICAL trio forefathers of God's regenerate children in every age and nation of the world.

The reader will remember that Jacob, the youngest of this noted trio, had twelve sons, known as the Twelve Patriarchs, who, through the instigation of Joseph, moved down into Egypt, the land of Ham, a type of the flesh, the world and the Devil. And slowly, but most surely, were the children of Israel types of God's children, drawn into the most rigid bondage and severe servitude to the Egyptians, the children of Ham.

Now, dear reader, do you see the picture? The children of Shem, through Abraham, Isaac and Jacob, move down into Egypt, with the children of Ham, and are soon in bondage. So it is that as soon as we are old enough, we launch out into a sin-cursed world, and ere long we have lost our childhood innocence; or, if later in years we have been born of the Spirit and become the children of God in a deeper and richer sense than when born into this world in a state of infantile justification. In either case, if we plunge into this sin-cursed world and join hands with it and become one with it in the conduct and propagating of its un-Godly and wicked works, soon we will not only lose our purity and righteousness, but will find ourselves bound by the passions of our own appetites, the customs and fashions of the wicked, and the subtle forces of the Devil.

But God came to their rescue and delivered them out of the clutches of Egypt, which was a type of the condition of the unconverted, or the state of the back-slidden, and started

them through the wilderness, a type of the regenerate state, to Canaan, the HOLY land, a type of the sanctified state, or state of holiness.

Now, they had only gone a few days' journey in the wilderness when the Amalekites, a tribe of the Canaanites, the children of Canaan, the youngest son of Ham, on whom the curse pronounced by Noah seemed especially to fall, MADE war with Israel, the types of the children of God, on their way to their promised inheritance.

Now, let's get the application: When a soul is truly converted, born of the spirit, and starts, as we should, to journey towards our inheritance, the gift of the Holy Ghost in His sanctifying power, we don't get far till we meet some tribe of the Hamites, and the war is on, and the battle often fierce and long.

In this battle with the Amalekites, Moses, Aaron and Hur went up to the top of the hill, and when Moses held up his hands in prayer, Israel prevailed, and when his hand went down, Amalek prevailed. But Moses' hands became tired and went down; therefore, they set Moses on a stone and Aaron stood on one side and Hur on the other of Moses, and held his hands up, thus joining him in prayer during the mighty conflict.

O, that we had more people in the churches, when we meet the Amalekites opposing our journey to the promise of the Father, that would truly pray, and continue to pray until they prayed through, like Moses, Aaron and Hur prayed until Joshua, the commander-in-chief, a type of Jesus Christ, the captain of our salvation, discomfited and defeated the Amalekites with the edge of the sword.

But many of our preachers and also those of the inner circle of the Church, that is, the Sunday school superintendents and teachers, the stewards, deacons and elders, and not a few of the elite sisters, when they find one who believes in and seeks after the experience of sanctification—of which the crossing of the Jordan river by the Israelites was a type, and seeking their inheritance, the gift of the Holy Ghost, of which the Holy Land was a type—I say, that many of the leaders, as above mentioned, instead—as did Aaron and Hur—of joining in sympathetic prayer and other means of aid with those battling for "the promise of the Father," the Baptism of the Spirit, these leaders will throw themselves on the side of the Hamites and Amalekites and begin to find fault, ridicule the hope, and in every way possible, cast stumbling blocks in the way to hinder the progress of the true Israel of God from going into the Canaan of perfect love. Dear reader, what do you suppose makes so-called Christians thus oppose holiness of heart and life? This may be a mystery to you; if so, let me explain: Down deep in their hearts is a little Hamiteism and a few dirty dark-skinned Amalekites live just inside their souls, and they raise war with the Shemites, the people of God. Do you see?

St. Paul said, "They that will live Godly shall suffer persecution."

Yes, when we set our minds on obtaining a pure heart, by the Baptism of the Holy Ghost and fire—the only God-appointed means under Heaven whereby we may be truly sanctified and enabled to live a holy life—then it is that the inhabitants of the infernal regions awake, and Devils howl and demons roar.

Then also, men and women of this wicked world are ready to make fun, ridicule and vilify, often using all manner of misrepresentation and lying propaganda, saying, "They teach that they get so holy that they CAN NOT SIN," and nick-name them "the goody-goody folks" and "old sannies" and the "holy rollers" and other appellations calculated to discourage the seeker of truth and discredit the holiness movement. I have been in touch more or less with the holiness movement for thirty years, and never knew the above conditions to be absent when the work made any progress worth mention.

But there is another enemy more subtle and deceitful, more difficult to overcome and conquer, that lurks within; namely, the "old man," the carnal mind, known in theology as "depravity" and "original sin."

According to scripture, the carnal mind is not eradicated from the heart when we are justified, regenerated, or born of the Spirit, but remains for another and deeper work of grace that it may be entirely removed. Therefore, when a child of God in the regenerate state which the children of Israel at that time represented, undertakes to go on to perfection by seeking the Baptism of the Holy Ghost, he, or she, will often be surprised and sometimes alarmed to find their own hearts possessed with the most dark, heinous and damnable dispositions, desires and inclinations. Many have said, "The more I seek holiness the darker and blacker and more wicked and hellish my soul ap-

pears to be." Ah, yes, my brother, my sister, the Amalekites raise war without and within when you set your face toward Canaan, the promised land of your inheritance, the baptism of the Spirit unto entire sanctification and perfect love. This awful, unsanctified, unclean and unholy, dark, fiendish spawn of hell, under the revealing light of the Eternal Spirit is what caused Job—child of God as he was—when he was brought to see himself as God saw him, to exclaim, "BEHOLD, I am VILE: What shall I answer Thee? I will lay my hand upon my mouth." Job 4:4. Again he said, "I have heard of Thee by the hearing of the ears; but now mine eye seeth Thee. Wherefore I ABHOR MYSELF, and REPENT in dust and ashes." Job 42: 5 and 6.

What! Job unsanctified? Yes, unsanctified up to his time, is his statements just quoted are true. But when he had confessed his villainess and abhorred himself and repented low down in dust and ashes, God cleansed him up, healed his putrifying sores, and doubled his possessions. He'll do the same for you, brother, sister, if you will meet the terms. Conviction because of an unsanctified heart, is what made the prophet Isaiah, when the light of God had shined in upon his soul, cry out, "WOE IS ME! For I am undone; because I am a man of UNCLEAN lip, and I dwell in the midst of a people of UNCLEAN lips."

Now let me say that a conviction for the unclean, unsanctified condition of the hearts of the merely regenerate is the primary step towards the greatest need of the churches today.

But when the coal of Pentecostal fire was laid upon Isaiah's mouth, his iniquity was taken away and his sin—carnal mind—was PURGED. See Isaiah 6: 1 to 7.

But it takes St. Paul to tell of the nature of indwelling sin, and its heinousness, the contemptible and loathsomeness of its character, either under the law or in the early state of grace. Read the 7th chapter of Romans and note the climax—"O WRETCHED MAN THAT I AM! Who shall deliver me from the BODY of this DEATH?" The carnal mind here is likened to the body of a dead man being bound to the body of a live convict, there to stay till it rots off. Could the descriptions of the offensiveness of the "old man," the inbred sin, be made stronger? But the Apostle answers his own question by saying, with hope, faith and courage, "I thank God through Jesus Christ our Lord." That is, through Jesus we may be delivered from the carnal mind.

Yes, the Amalekites and all other tribes of Hamites arise without and within, and fiercely oppose our going into our inheritance, the anointing of the Holy Ghost, whereby the soul is cleansed from all sin and the love of God is SHED ABROAD in the heart.

But if our pastors, evangelists and other leaders in our churches would, like Moses, take the rod—word—of God, and enter the battle, preaching the word relative to our going into the promised land of perfect love, and with holy hands lifted unto a throne of God's grace in fervent prayer, and then if the inner circle of the church, the most substantial and spiritual, like Aaron and Hur, would

gather around the preacher and hold him up in his faithful fight in this mighty war, God would drive back and overthrow and destroy all the Hamites, Amalekites, sin and demons, both within and without, and a very great many of God's children would go sweeping into their inheritance, the promised holy land of corn and wine, milk and honey, there to shout the walls of Jerico down, and then overthrow and destroy thirty-one kingdoms of a sin-cursed and un-Godly world, as did the Israelites, the offspring of Shem, under Joshua, the type of Jesus, after they entered Canaan in their mighty conquest against the Canaanites in the offspring of Ham. Brethren, this is God's illustrative symbolical demonstration of that "Holy War" of which John Bunyan wrote so extensively.

Now, if I have not gotten the right interpretation, namely, that the conquest of the Hamites by the Shemites was wrought out and recorded in the scriptures to teach us the great and fundamental principles of the warfare that always goes on between the new-born nature—Christ in the soul—on the one hand, and the world—the flesh—and the Devil on the other, then brethren, I humbly confess that I know of no hypothesis upon which we could justify the righteous God of the Bible in the commanding, aid and support of this particular tribe of Shemites in a continual and almost perpetual war, and complete destruction of the Canaanites and other children of Ham.

The Lord willing, we will continue the conquest of Israel against the children of Ham in our next article.
